JEGS \$50,000 Wednesday Eliminations to Continue Thursday at the Spring Fling

Benson, NC — The second day of the Strange Engineering Spring Fling presented by Optima Batteries at GALOT Motorsports Park saw 380 entries stage up for the first round of JEGS Performance \$50,000 Wednesday.

In the afternoon during the second round, a weather system came in that is expected to persist into the evening. The Fling Team paused for an hour in hopes that the weather would improve, but made the decision to postpone eliminations until Thursday morning.

The tentative schedule is to continue the second round of the JEGS \$50,000 event at 8:15 a.m. Thursday morning and run the race to completion. Afterwards, the fourth round of APD \$15,000 Tuesday eliminations will resume and that race will run to completion as well. The RAD Torque Systems \$20,000 32-Car Shootout will run in the afternoon after both races until the winner is crowned.

Friday will see the first round of the Silverstate \$50,000 event weather permitting, and the Wiseco Performance Products \$50,000 race will run on Saturday. If Friday rains out, the two remaining \$50,000 races will be combined into a \$100,000-to-win event on Saturday.

The Fling Team is looking forward to continuing to provide a safe track surface for racers and seeing multiple big checks hoisted in the winners circle on Thursday.

Everything will be streamed live as it happens on the [MotorManiaTV](#) YouTube channel free to the viewer courtesy of JEGS Performance and Hoosier Racing Tire with new exclusive content produced by the Fling Team.
