FROM PETER AND THE FLING TEAM

Welcome to the Fling at Norwalk — our 48th Fling event! We truly appreciate you choosing to race with us this week.

Since our first Fling in 2010, our goal has remained the same: to deliver more than just a race — to deliver an unforgettable experience.

As long as we're putting on these events, our racers will always be our top priority. If you need anything, stop by our racer-friendly Fling Diva desk or come find me anytime.

Now it's your turn to have some fun and turn on some win-lights!

*Peter Biundo
&
the Fling Team*

Frequently Asked Questions

What should I expect when I arrive at the gate?

Upon entering the gate you will receive a tech card and W-9. Please bring your completed tech card and W-9 to our Fling Diva Desk located at the Guest Service/ Registration building (located on the Ohio Peterbilt side). At that point, you will receive a pair of Fling competition car numbers. *You must have a Fling Number on to make a run.

Door Cars: Please place one number on the PASSENGER side of your vehicle and the second number on your WINDSHIELD.

Dragsters: Place one number on EACH side of your vehicle.

I am new to this, when do I come to the staging lanes to race?

No worries, we have you covered. Simply come to the staging lanes when your group is called/texted. Our staff will be at the back of the staging lanes to answer any questions you may have. There will also be signs at the back of staging designating what group has been called. You may also visit the Fling Diva Desk located at the Guest Services building on the Ohio Peterbilt side with any questions.

What is the best way to keep up with all important lane calls, bye runs and race information?

- Text the word **NORWALK** to 347-974-7007 (to receive text updates)
- Tune into **88.9 FM**

What can I expect at a Fling Event?

Our Fling Racers are *family* to us. Expect an inviting atmosphere combined with some of the best bracket racing there is. We will deliver a professional and racer-friendly event. It's very important to us that our racers have a stress-free time while racing with us. Most of all, we hope the event leaves you with memories to last a lifetime.

Will there be new entry time runs?

Wednesday will be our time trial day. You can expect multiple sessions (which include a free bogey session to race for 5K). Make your runs on Wednesday, as these will serve as the time runs for the Thursday 20K. There will NOT be a new entry time run on Thursday. Racers arriving Friday (that have not been down the track Wednesday or Thursday) will receive a new entry time run Friday morning.

Our Racer Friendly Fling Diva Desk is located at the the Guest Services Building on the Ohio Peterbilt side and is ready to help with any questions you may have.

RACER INFORMATION GUIDE

NORWALK FLING, SEPTEMBER 2-6, 2026

**A vehicle can only go down the track once per round.*

***A driver may have one entry on the door car side, and one on the dragster side.*

Lane Calls/Fling Car Numbers

Each driver will be given a pair of Fling Competition Car Numbers at registration. This will also serve as your run sticker for the event. You will be called to the staging lanes by your 'ODD' or 'EVEN' car number. Your car number will be either Red or Blue, which we will use to break up the odd and even groups in the early rounds as needed.

Fling Number Placement

- **Door Cars:** It is important that you place one number on the PASSENGER side of your vehicle and the second number on the WINDSHIELD.
- **Dragsters:** Place one number on EACH side of your vehicle.
- You must have your Fling Number on your vehicle to go down the track.

General Race Format

The run order for each day will be Door Cars, followed by Dragsters. These 2 groups will be run as separate 'categories' until we combine at the ladder round of 8 total cars or less.

Staging Lanes/Lane Choice

There will be designated staging lanes for racers to choose the left or right lane. If at the end of a round (or group), we run out of pairings, the first car will have lane choice between the two front-to-back racers. Our Staff (at front of staging) will have final say on pairings.

Bye Runs

- Round 1 (and Buyback round) bye will be determined by a random draw. All other rounds, the bye run goes to the driver with the best reaction time of the previous round.
*See Tie Breaker Section below.
- No racer is entitled to two bye runs (unless all remaining competitors have had one).
- Bye runs do not carry over (new bye picked each round).

Ladder

Door Cars and Dragsters will combine in the round of 8 total cars (or less) and be placed on a pro ladder based on their previous round R/T. A new ladder will be generated in each of the remaining two rounds (semis & final), again based on previous round R/T. Lane choice in the ladder rounds will be given to the driver with the better R/T in the previous round.

Break Rule

- If a driver in competition breaks their vehicle (beyond repair), driver may switch vehicles. ***Must be approved by a Fling Official.*** Vehicle must be out of competition.
- If a driver breaks in staging, they will be given 2 minutes to get started.

'New Entry' Time Runs

- A 'new entry' is only for new tech cards for that day.
- There will NOT be a New Entry Time Run Session on Thursday. (We will be giving time run sessions for Thursday's 20K on Wednesday).

Brodix Best Package Run-Off Tie-Breakers

- The best door car package and best dragster package from Thursday Rd 1-Sat Rd 3 will 'run off' for a set of Brodix SR20 heads. Buyback rounds are included. Shootouts are not included.
- If multiple Door Cars or Dragsters have the same "best package", the first Tie-Breaker will be the better R/T of the "best package" and if both R/Ts are the same, the racer who did it first will be in the run-off.

Bye Run Tie-Breakers

- If multiple racers have the same "best" reaction time, the bye run goes to the driver with the best package. If multiple drivers have the same package, the second tiebreaker will be the driver who did it first. (Same rules apply when on ladder).

Best Losing Package Tie-Breakers

- If multiple racers have the same "best" losing package, the prize will be awarded to the driver with the better reaction time, if multiple drivers have the same reaction time, the second tiebreaker will be the driver who did it first.

**All decisions are made final by the race director (or a qualified Staff Member)*

***Drivers or Crew engaging in foul play, cheating, or unsportsmanlike behavior (at the discretion of Race Director) are subject to disqualification.*
